OUR MISSION

The Paul Robeson Galleries (PRG) are dedicated to embodying Paul Robeson’s life-long commitment to unfettered artistic freedom, cultural democracy, and transnationalism. Our aim is to present art and cultural artifacts as well as educational and public programming to every visitor, especially within the diverse metropolitan context of Rutgers University at Newark, the Greater Newark communities, and the northeast region of New Jersey.

Metered street parking is also available on Martin Luther King Boulevard and surrounding streets.
